

PCI

Projects of Common Interest

1. WHAT IS IT?

EU energy infrastructure projects of top importance, with cross border impacts

- Electricity grids, gas terminals, pipelines, dams
- Selected by EU officials, proposed by investors
- First list of PCI approved in 2013 without involvement of civil society
- Must meet EU energy policy objectives: Competitiveness, sustainability and security of supply

**Third List drafted NOW
GET INVOLVED**

2. WHAT DOES THIS IMPLY

- Fast authorization**
All PCI benefit from faster decision making
- € 5.85 billions**
Support for PCI between 2014 - 2020 from EU funds
- Government money**
Eligible for additional national funding

3. WHAT SHOULD EU (AND MEMBER STATES) ASSURE

- Project supervising**
Should be drawn up with great care and diligence
- Public participation**
Plural stakeholders and effective public participation
- Environmental assessments**
To prevent environmental destruction and exclude harmful projects
- Financial responsibility**
of funders to avoid mismanagement of public funds
